Passion & Compassion

The ripple effects of passion and compassion splash beyond reach. ~ Teriz Gedoria.

Our tagline, Happy Healthy Harmony continues to be our driving force to move forward and aim nothing else but a harmonic living. Last October 2021, I experienced the most difficult time of my life I would say. I was devastated about my sister's passing as many of you would have known. Having Journey4Us during those moments somehow helped me face the incident in a healthy way. I was thinking at that time that I must try to remind myself about what I am sharing to people in my community. To see a rainbow after the rain. Although it was extremely difficult, I guess I somehow faced it in the most healthy way I know. Then, it made me wish, "I wish journey4us community members have experienced that benefit too, being here." Let us know if yes or not. Tell us your story!

JOURNEY4US CONTINUES TO BUILD HEALTHY COMMUNITY

"The lowest moments of my life give me strong motivation to persist and do well."

I really thought I knew what love and pain is, not until I experienced the loss of my sister. Recalling how it went, I can say that true love is immeasurable. One of the most unique characteristics of human beings is our ability to express love to someone with diversity. Those characteristics we have need to be consciously practiced, and acknowledged. Through that I believe we can make this world a better place.

As a result of my sister's and her baby's passing, we were able to create more ways on how we can all work together to achieve a happy, healthy, and harmonic life. Take a look at these projects we have been working on.

MICHELLE&BABY FOUNDATION

To commemorate the passing of my sister and her baby, I decided to put up a Foundation called, Michelle & Baby Foundation. The main goal of this foundation is to provide helpful information and outreach programs for pregnant women all around the world. You can read more about it on our website. Check it out now, and express your support.

Another way of giving honor to my sister and her baby's passing is our Journey4Us Clothing & Apparel. Right now, we are producing comfortable maternity clothes with matching baby clothes. These original products can be found in our shop, and in all our social media accounts. These products follow a #purchase4acause tagline. The profit from these products goes to all our philanthropy activities. It is just beautiful I would say.
